For One Direction

I'm not sure why there's a need to repeat,
The end of each sentence in order to proceed.
Although I know it's for a reason no other
Than keeping a rhythm, but in this case a stutter.

I guess I'll just sing along and go with the flow
Because you can pretend to be cool as long as you know.
And amidst all the craziness occurring at night
Will you then stop to hear people out when it's light?

I think it's a shame that you have to point out
That your main aim of the game is to get a girl to put out
But I can assure you One Direction even though you're young
Telling her to pretend it's love won't get you some.

What's for the rush to not over think tonight?
Seems like you're rushing before she changes her mind
And have you considered that whether now or never
This girl may not even want to get together, yeah, get together?

Despite hearing "woah" forty eight times in a song
Surely having the chorus repeated four times is just wrong.
After hearing the same line drilled into our minds sixteen times
We've established you wanna live while you're young,
And that's just prime.
