

Join us for the Firefly Learning Conference Asia

Please join us for a day that will bring together a range of inspirational speakers from the education sector to discuss how learning technology can be used to support learning, teaching and assessment, with a focus on Asian international schools.

We are very excited to present Victoria Tinio, Executive Director, Foundation for Information Technology Education and Development, as our keynote speaker. Rob Eastment, former Deputy Head Duke of Kent School, will give a talk on Growth Mindset. Additionally, the day will feature several international schools demonstrating their own use of learning technology.

The event is also a great opportunity to meet and network with colleagues from other schools.

When: 20th March 9:00 - 17:00 followed by drinks

Where: Bangkok Patana School, Bangkok, Thailand

Free to attend

The conference is a free event open for anyone with an interest in education. Be sure not to miss out by [registering today](#). If you want to get a feel for our events, have a look at our [UK Firefly Learning Conference 2014](#).

About Us

Firefly is a learning platform/LMS provider based in London, and currently working with around 300 leading schools across the world. This includes many of the top independent schools in the UK such as Eton College, Westminster School and St Paul's School and in South East Asia, like Tanglin Trust School in Singapore and Bangkok Patana School in Thailand.

We look forward to seeing you there. Please contact marketing@fireflylearning.com with any questions.
